## Tobacco Free Affidavit

The Tobacco Free Affidavit is a self-declaration that indicates your tobacco status. You are eligible for the Non-Tobacco User Incentive after you complete a Biometric Screening, a Health Assessment, and test tobacco-free at a County-sponsored screening (if you have not yet tested and passed.)

If you indicated No – you are a tobacco user, you can still qualify for the Non-Tobacco User Incentive by completing a [Tobacco Cessation Program](#) (StayWell Tobacco Phone Coaching Program or an onsite Quit Tobacco class).
